QUEEN’S BIRTHDAY
Please note that school will not be operating on Monday, 13th June as it is a public holiday.

PARKING INFRINGEMENTS
It has come to my attention that some of our parents received an infringement notice on the 19th May at approximately 3 pm. I have been in contact with the council and they assure me that no one should have been fined if they were in their car, with the engine running (only people who parked and got out of their car should have received a fine). Therefore I strongly recommend that if you were waiting in the line to pick your child/ren up at this time, and received an infringement notice that you challenge it.

If you would like to appeal your fine, you need to:
- Visit the Whittlesea Council Website.
- Click on ‘Local Laws and Fines.’
- Click ‘Paying or Appealing a Fine.’
- Scroll to the heading ‘Apply for a Review’ and click on ‘Submit an Infringement Review Application Online’, OR
- Print off a PDF version and hand it in person, or via post.
Attached to this Newsletter is a PDF version of the Review Application Form.

OCCUPATIONAL THERAPY COMING TO ST. FRANCIS
Here at St. Francis we are continually looking to expand our services to families in the area of allied health. While we currently offer speech and language therapy and counselling services, we are now pleased to be able to offer the services of an Occupational Therapist.

Commencing in Term 3, Lauren, a qualified Occupational Therapist will be available to work with students requiring support in this area. So what does an Occupational Therapist do exactly?

The role of an Occupational Therapist is to support our students to participate in all school activities. The daily occupations of childhood consist of self-care, school and play. A challenge with performing activities associated with these three daily occupations can impact on a student’s school performance.

An occupational therapist helps students develop the skills required to perform these daily activities to the best of their ability.

Our occupational therapist works with the student, staff and parents to implement strategies to develop:
- Fine motor skills - Smaller hand movements which include the ability to use tools such as pencils or scissors.
- Muscle strength, balance or co-ordination (Including challenges with running, jumping or working at a desk while maintaining upright position).
- Behaviour appropriate to the classroom – Attention, concentration, following directions, participating in classroom routines and the ability to cope with change.
- Sensory processing skills – Addressing sensory information such as smell, sight, taste and hearing that may impact on learning (This may include showing discomfort to sounds, unable to sit for long periods of time, being easily distracted and limited food preferences).
- Organisational skills needed to complete homework.
- Handwriting skills.
- Play skills - Interacting with other children, turn taking, sharing or understanding emotions.

We estimate that each therapy session will run for approximately 45 minutes, either weekly or fortnightly. If you are interested in accessing this new service please communicate with either Grace Lucic at glucic@sfmillpark.catholic.edu.au or Nicole Federico at nfederico@sfmillpark.catholic.edu.au as soon as possible. Please note, as with our speech and language therapy, there will be a small fee involved.

We are excited to be able to offer this service to our families here at St. Francis.

NEW ASSESSMENT AND REPORTING PRACTICES AT ST FRANCIS OF ASSISI

On Tuesday 21st of June the children will bring home their June Report. There are TWO parts to the Report, they include: The Summary Report and Learning Assessment Journal. As you are aware, we began a consultative process of reviewing our Reporting processes with parents and teachers last year. We are working towards our goal, which is to “Provide Ongoing Feedback about Student Learning”. To assist us with this process we have introduced Learning Assessment Journals across the school to complement the Summary Report and provide further information about your child’s progression throughout the year.

PART ONE: LEARNING ASSESSMENT JOURNAL

Some of the features of the Learning Assessment Journal include:
1. Student work samples that have been corrected and/or annotated.
2. Criteria to provide feedback to students and parents about meeting the expectations of a particular task.
3. Goal setting, self reflections and self assessments that highlight the student taking ownership and setting direction for their learning.

Year 5 students have a digital Learning Assessment Journal that includes the above features.

PART TWO: SUMMARY REPORT

The summary report has been modified to meet the feedback we received from staff and parents. It is more graphical in representation and complements the Learning Assessment Journal. Some of the features of the school report include:

Growth Summary Report
Previously known as the dot point page. This page demonstrates your child’s progression within a twelve month period. The work samples in the Learning Assessment Journal will provide additional information and feedback to support this page.

Religious Education
The Religious Education report will include an overview about the understandings and skills that have been a focus for learning in Semester One, Learning Intentions and a Five Point Achievement Scale. It will indicate your child’s level of achievement against the Learning Intentions.

Student Comment Page
This page is personalised and highlights what your child has learnt in English and Mathematics. Future learning goals are also stated.

Class Comment
This paragraph is personalised and highlights skills, understandings and dispositions that your child has developed through the unit of inquiry. Parents also receive feedback about their child’s ability to manage their own learning and their ability to work with others.

Days Absent
The amount of days your child has been absent from school in Semester One.

Extra Curriculum page provides parents with feedback about their child’s progression during specialist subjects. Each area includes Learning Intentions and a Five Point Achievement scale. It will indicate your child’s level of achievement against the Learning Intentions. The areas include: Physical Education (P-6), Italian (P-6), Japanese (5/6 only), Art (P-4), Drama (P-4) Music (P-4), Library (P-4), Computers (Prep, 3-4) Literature Studies (5/6) and Selected Passion Project (5/6). Please note Science (1/2) will not be evident in the formal report.
TIPS FOR READING YOUR CHILD’S REPORT AND LEARNING ASSESSMENT JOURNAL

I read an interesting article by leading parenting educator Michael Grose. He shares some ideas and tips to consider when reading your child’s report with them.

Focus on strengths. Do you look for strengths or weaknesses first? The challenge is to focus on strengths and areas of progress with your child.

Take into account your child’s effort and attitude to learning. If the report indicates that effort is an area of concern, then you have something to work on. If your child is putting in the required effort, then you cannot ask any more than that, regardless of the grading.

Broaden your focus away from academic performance to form a picture of your child’s progress as a member of a social setting. How your child gets along with his or her peers will influence their happiness and well-being, as well as give an indicator to their future. The skills of independence and co-operation are highly valued by employers so don’t dismiss these as unimportant.

Take note of student self-assessment. Kids are generally very honest and will give a realistic assessment of their progress. They are generally very perceptive so take note of their opinions.

Discuss the report with your son or daughter talking about strengths first before looking at areas that need improvement. Ask for their opinion about how they performed and discuss their concerns.

USEFUL RESOURCE TO SUPPORT YOUR CHILD WITH LEARNING:

SchoolMate is an App for Victorian parents to help you understand your child’s learning. It shows parents a snapshot of what your child is learning in each subject, at each year level according to the Victorian curriculum (AusVELS). SchoolMate provides tips for parents about what you can do at home to help your child’s learning. SchoolMate suggests related apps, books, events and activities relevant to each subject area. We think SchoolMate is a great resource for parents and we encourage you to visit the App Store or Google Play and download it free today by searching for ‘SchoolMate’. SchoolMate works on all iPhone 4s, 5s and 6s and iPads. It also works on Android phones and tablets. It is linked to the AusVELS Curriculum and endorsed by the Department of Education and Training.

Delfina Pieri
Director Learning and Teaching
This week we congratulate students from 3M, 3D and 3T who celebrated their First Eucharist on the weekend. We also congratulate several students from Years 4-6 who have also received their First Eucharist for the first time. We look forward to the weekend of June the 18th and 19th when students from Years 3R, 3A and 3P will also receive their First Eucharist. The First Eucharist ceremonies are a beautiful reminder of the importance of gathering as a faith community to be united with, and nourished by Christ. It is wonderful to observe the genuine excitement and joy in the hearts of the children and their families as they prepare for these most sacred celebrations. I would like to thank all parents, staff and students for their contributions to these ceremonies and offer a special thank you to all members of school and parish choirs for their wonderful support.

A reminder of the dates of our upcoming sacramental celebrations are listed below:

- Saturday 18th June at 11.30 am — 3P
- Sunday 19th June at 1 pm — 3R
- Sunday 19th June at 3pm — 3A

Parents are reminded that all students are required to be at the school hall one hour prior to the ceremony beginning to allow photos to be taken. Each candidate is asked to be wearing their white stole they received earlier this year or at their Baptism.

We now begin to set our sights on the next sacramental celebration scheduled for 2016. Confirmation for our Year Six students will be celebrated on Friday 19th August at 7 pm and Sunday 21st August at 1 pm and 3 pm. All ceremonies will be held in our parish church and promise to be another beautiful way to celebrate our sacramental relationship with Christ.

To initiate our formal preparation program, Year Six students and their parents will gather in the school hall on Thursday 14th July at 7 pm for a Confirmation reflection session facilitated by Fr Anthony, myself and the Year Six team. As this is an important part of our sacramental program, all Year Six students are expected to attend with at least one parent/carer. During the evening parents and their children will have the opportunity to consider the significance of the sacrament of Confirmation and the place it has in their daily lives. They will also be invited to reflect upon their personal gifts and how they use those gifts in the service of others. During the evening, there will be information distributed relating to procedures such as photos, church practices, dress requirements, sponsor duties and seating arrangements. We have also arranged a display of hand-made wooden crosses from El Salvador which can be ordered as gifts for the children receiving their Confirmation. A letter outlining important details related to our Confirmation program will be sent home to families throughout the week. A reminder for parents of Year Six students that when selecting a sponsor for Confirmation, it is expected that the person chosen is over the age of 16 and is a baptised Catholic.

As we can tell by the chill in the air, we are entering into the coldest part of the year. It is during the winter months that we respond to our Christian mission by turning our minds to those less fortunate than ourselves. This year, we again supported the wonderful work of the St Vincent de Paul Society by collecting a financial donation from families as a part of our Sacred Heart Feast Day last week. We thank families for generously supporting this important and life-giving initiative. All donated funds will be distributed to those in need in the coming weeks.

Thank you for your support in this matter.

God Bless.

John Dwyer
